Attention: Application Examiner

RE: Request for Confidentiality
Applicant: Levven Automation Inc.
FCC ID: 2ADH9-G2CF

To Whom It May Concern:

Short-term Confidentiality

Request is hereby submitted by Levven Automation Inc. to withhold from public review for a period of 45 days from the date of the Grant of Equipment Authorization and prior to marketing, certain portions of the application for equipment certification for the referenced FCC identifiers. This request for confidentiality is made pursuant to 47 CFR 0.457(d) and 0.459 of the FCC Rules. In particular, the following sections of the application are to be kept confidential for a period of 45 days from the date of Authorization:

- Schematics
- Detailed Block diagrams
- Detailed Operational/Functional Description
- Tune up procedure
- Parts list
- Test setup photos
- External photos
- Internal photos
- User manual

Rationale for request for confidentiality:

Levven Automation Inc. has invested considerable time and materials in research and development to produce the referenced product. Disclosure of the short-term confidential portions of this application during the period of importation and/or distribution would reveal key aspects of proprietary technology to competitors and diminish the value of our investment in research and development.

If you have questions or need further information, please contact the undersigned.

Sincerely,

A handwritten signature in blue ink, appearing to read "J. Qualie".

Jim Qualie
Director of R&D
Levven Automation Inc.
